Kuala Lumpur

Dear Sri UCSI Kuala Lumpur Community,

Since Term 1 of the Academic Session of 2023/2024, the curricular focus points on Creativity, Collaboration, Critical Thinking, and Communication were emphasised in every classroom and every lesson. In this Term 2, we are rolling out in stages for the last C, which is Character through our weekly learning assemblies. Character refers to their ability to empathise with others and apply that information to their behaviour. Often referred to as emotional intelligence, this C is the foundation for creating positive, meaningful relationships. In addition to academic skills, students should also possess emotional intelligence, grit, perseverance, an intrinsic desire to learn, and the capacity to empathise with others.

Character education is part of what good schools and teachers do naturally. As character is largely caught through role-modelling and emotion contagion. Character should also be taught. By making character education explicit, students are provided with the rationale, language, and tools to develop their character. We should aim to develop confident and compassionate students who are effective contributors to society, successful learners, and responsible citizens. This is obviously a process that will need to happen over years and not just class periods. Students need to grow in their understanding of what is good or valuable and their ability to protect and advance what is good. All the 5 cross-curricular focus points: Creativity, Collaboration, Critical Thinking, Communication, and Character we are developing are referred to as the 5C's of UCSI Schools' 21st Century Learning.

Since last month, our students have been busy preparing themselves in the district sports competition (Majlis Sukan Daerah Wilayah Persekutuan Kuala Lumpur). We hope that they are filled with a sense of pride and accomplishment after participating in the district sports competition. We would like to take a moment to congratulate each and every one of the students for their outstanding efforts, dedication, and tremendous display of sportsmanship throughout the event. We want to express our gratitude to each of you for being excellent representatives of our school and community. We also would like to thank Mr. Azim and Mr Iman for their unwavering commitments and tireless efforts have played an integral role in our students. Both teachers have taken on the responsibility of not only accompanying our students but also providing guidance, encouragement, and a sense of reassurance throughout the event.

Thank you.

WONG KIN TUNG

Dear Sekolah Sri UCSI Kuala Lumpur Community,

It is with great pleasure that we bring you our next issue of The Scoop!

As we are moving on, we can see a great deal of activities and events happening in our school. I want to take this opportunity to celebrate these achievements and updates.

In July, our students are taking the Cambridge Mock and Mid-Year Examination. I often advise my students that mastering a subject can be challenging, but always remember to break complex contents into manageable chunks. Remember to have a balanced lifestyle and don't overstress yourselves!

Being in school is not just about academic excellence but building up skills necessary to forge future leaders. Throughout this Term, we see students improving their language skills during Chinese Language Week, sportsmanship, and discipline in taking part in the Majlis Sukan Sekolah Daerah sports tournaments, charisma and confidence in carrying out their duties as Student Council members, character education (especially on kindness and cooperation) during our Weekly Learning Assemblies and of course leadership skills in the participation in Malaysian Future Leaders School (MFLS) Camp.

We look forward to more exciting activities in the future. Our students never cease to amaze us in ways.

Checkmate Maestros: Form 1S Chess Wizards Rule the School Assembly

Showcase

Chess assembly presentation, masterfully led by the talented Form 1S student and mentored by the brilliant Cikgu Azim. They displayed an incredible level of proficiency and understanding of the game and set the stage for an extraordinary showcase.

What truly stood out was the level of camaraderie and teamwork among the Form 1S students. Cikgu Azim had instilled in them not only the desire to excel individually but also the spirit of supporting and encouraging each other. This unity was demonstrated during interactive chess matches, where they played against one another, displaying remarkable sportsmanship and respect.

The audience witnessed not just a showcase of talent, but a testament to the power of mentorship and the transformative impact of chess in young minds.

SEKOLAH SRI UCSI KUALA LUMPUR IS A

MALAYSIA FUTURE LEADERS SCHOOL

Malaysia Future Leaders School (MFLS) programme aims to promote young people with potentials as strategic partners in developing the country by holding true to the Federal Constitution and the principles of Rukun Negara. Furthermore, it provides students with opportunities to participate in training and internship programmes in and outside the country, including the chance to undergo in-house training at Government-Linked Companies (GLCs). The MFLS programme is sponsored by the Ministry of Youth and Sports Malaysia, Ministry of Education Malaysia and Outward Bound Malaysia.

Five Elements of MFLS

Volunteerism

Entrepreneurship

Leadership

Character Building

Patriotism
