- MSSD Basketball
- Jejak Juara Badminton 2024
- ISSAM Swimming Championship
- Edtech Learning
- Art Learning
- CCA: Taichi
- CCA: Art and Craft
- Learning Activities : Bahasa Melayu, Mathematics and English

Dear Sri UCSI Kuala Lumpur Community,

As we delve into the second term of the academic year, I am filled with pride and excitement to share the latest developments and achievements from our vibrant school community.

This term, our focus remains steadfast on academic excellence and holistic development. Our dedicated intervention classes continue to provide targeted support, ensuring that every student is equipped with the tools and knowledge to reach their full potential. Furthermore, our commitment to delivering high-quality education is exemplified through the specialized training our teachers undergo. These efforts are aimed at enhancing their instructional practices, ultimately enriching the learning experience for all.

I am thrilled to announce the remarkable achievements of our inaugural SPM cohort, the Class of 2023/2024. Their outstanding results serve as a testament to their hard work, dedication, and the unwavering standards of education upheld at our school. With an impressive 50% of students obtaining 5A's and above, and 80% of subjects receiving Grade A-C (Credit and above), we have truly witnessed the fruits of our collective efforts. Achieving a 100% pass rate across all subjects further reinforces our commitment to nurturing academic excellence and ensuring the success of every student.

This month also marked the celebration of our Chinese and English Language Weeks, showcasing a diverse array of enriching activities and events aimed at promoting linguistic and cultural appreciation. It was heartening to witness our students actively engage in various language-related activities, fostering a deeper understanding and appreciation of different cultures.

In addition to academic pursuits, our students demonstrated their talents, sportsmanship, and team spirit during the MSSD competitions and other external competitions. These events not only provided valuable opportunities for our students to showcase their skills but also instilled important values of teamwork, perseverance, and resilience.

As we continue our journey together, I am confident that with our collective dedication and unwavering commitment to excellence, we will continue to nurture well-rounded individuals equipped to thrive in an ever-evolving world. Thank you to our dedicated teachers, supportive parents, and enthusiastic students for their continued contributions to our school community.

WONG KIN TUNG
Principal, Sekolah Sri UCSI Kuala Lumpur

Dear Sri UCSI Kuala Lumpur Community,

Our Intervention Class has officially started, offering specialized assistance to our students in Malay Language, Sejarah, and Cambridge Checkpoint courses. We are glad to see our teachers making every effort to help our struggling students build confidence in their courses, which will eventually lead to academic achievement. Having said that, I am very thrilled to see our first SPM cohort complete the SPM exams with amazing results, a 100% pass! We wish them all the best in the future, and we hope to see greater results from the next cohort!

Academic achievement requires the effort from teachers and students. While the classroom dynamics are getting more challenging, we have a total of 8 teachers gaining the status of Microsoft Certified Educators. This means that our teachers are equipped with the knowledge of promoting 21st Century learning skills in the classroom as well as integrating technology in their lessons.

Of course, June is also a month full of excitement. We celebrated our Chinese and English language week with a variety of activities to boost their language skills and cultural appreciation. Our students are also participating in the MSSD Sports tournaments and competitions. It really does resonate with our philosophy of learning beyond the classroom.

Looking forward to more exciting days ahead!

LEONG MIN ZHI
Senior Assistant of Curriculum & Administration

English Language Week

During the English Language Week, students participated in various activities in the classroom, showcasing their creativity, collaborative skills and language skills. Our primary students had unleashed their creativity in creating a storybook (Standard 1-3) and story telling (standard 4-5). Meanwhile standard 6 and secondary students participated in various games, showcasing their knowledge on English and learning new vocabulary.

SEKOLAH SRI UCSI KUALA LUMPUR IS A

MALAYSIA FUTURE LEADERS SCHOOL

Malaysia Future Leaders School (MFLS) programme aims to promote young people with potentials as strategic partners in developing the country by holding true to the Federal Constitution and the principles of Rukun Negara. Furthermore, it provides students with opportunities to participate in training and internship programmes in and outside the country, including the chance to undergo in-house training at Government-Linked Companies (GLCs). The MFLS programme is sponsored by the Ministry of Youth and Sports Malaysia, Ministry of Education Malaysia and Outward Bound Malaysia.

Five Elements of MFLS

Volunteerism

Entrepreneurship

Leadership

Character Building

Patriotism
