Dear Sri UCSI Kuala Lumpur Community,

As we begin Term 2 of the 2026 academic session on 30th March, we are pleased to share this combined March–April edition of our newsletter, capturing the positive energy and momentum of the new term. It has been a refreshing start, with students returning from the break recharged and ready to embrace new learning experiences and opportunities for growth.

The opening weeks of the term have been both vibrant and meaningful. Our Hari Raya celebration and whole school potluck brought the community together in a spirit of unity, appreciation, and cultural understanding. The recent Parent–Teacher Conference also provided a valuable platform for meaningful conversations between parents and teachers, strengthening our shared commitment to supporting each child's academic progress and overall development.

We are equally proud to celebrate the achievements of our students, particularly the commendable SPM 2025 results, which reflect the dedication, resilience, and perseverance of both our students and teachers. Beyond the classroom, our students continue to actively participate in a wide range of co-curricular, sporting, and academic competitions, demonstrating confidence, discipline, and a strong sense of purpose. Looking ahead, Term 2 promises many enriching experiences, including field trips, leadership opportunities, STEAM Week, Teachers Day and key school events such as Cross Country and Sports Day. These platforms play an important role in nurturing well rounded individuals while fostering teamwork, creativity, and resilience.

As always, we remain committed to providing high quality teaching and learning, prioritising student wellbeing, and strengthening our partnership with parents.

Thank you for your continued trust and support. We hope you enjoy this edition.

Primary and Secondary students from the Art & Craft CCA have been busy designing and coloring vibrant sea creatures for the school noticeboard. The ideas for these sea creatures came directly from the students themselves, showcasing their creativity and imagination.

For the Primary students, this activity was not only fun but also a chance to sharpen their coloring techniques and practice cutting skills. The collaborative effort has brought a lively underwater theme to our noticeboard, reflecting both artistic talent and skill development.
