

HIGHLIGHTS IN THIS ISSUE :

- Message from the School Leadership Team
- CCAs AND ECAs Programmes
- Hari Raya Celebration
- Kangaroo Maths Competition
- Primary School Trip - Macbeth Show by KLSP

Dear Sri UCSI Kuala Lumpur Community,

WONG KIN TUNG

Principal, Sekolah Sri UCSI
Kuala Lumpur

We are proud to share that Sekolah Menengah Sri UCSI Kuala Lumpur is selected to participate in the Malaysia Future Leaders School (MFLS) Programme. With a tight and stringent process, only 6 private schools in the state of Selangor and Kuala Lumpur are selected for this year, and only 50 private schools are selected throughout Malaysia, including Sabah and Sarawak. MFLS is a programme designed by the Institute of Leadership Excellence and Development under the Ministry of Youth and Sports and its strategic partners such as the Ministry of Education (MOE) and Outward-Bound School. The programme aims to highlight young people's potentials as strategic partners in developing the country based on the Federal Constitution and the principles of Rukun Negara. Participants selected will be allowed to participate in training and internship programmes in and outside the country apart from the chance to undergo in-house training and attachments at Government-Linked Company (GLC) and private companies. Additionally, participants are also offered a mentor-mentee programme with influential icons such as Ministers and Corporate members. Sekolah Sri UCSI Kuala Lumpur will be closed for Term 1 break from 29th May – 2nd June. We will observe a public holiday for Hari Keputeraan Yang Dipertuan Agong on 5th June. Therefore, Term 2 of the Academic Session starts on Tuesday, 6th June 2023.

Thank you.

Dear Sri UCSI Kuala Lumpur Community,

Welcome to our next newsletter! In this issue, you will be seeing our school continues to strive to be vibrant and exciting. With many events happening within and outside of campus, we cannot wait to share with you how much our children actually enjoy being part of this school life! I think we all notice that more and more competitions are being offered to our students. It is amazing to see the turnout rate of our children in these competitions. I always do think that experience is far more important than winning. By taking part in these competitions, our children are exposed to challenges beyond the classrooms and the textbooks that could offer. I remembered vividly that my teacher used to tell us a famous quote by Thomas Edison – “Never say I failed 99 times, say I discovered 99 ways which causes failure”. It is common to make mistakes. However it is more important that we know why such mistakes occur. I hope that in the future more of our students will be able to share the delight in learning through competitions! Besides challenging our students through competitions, it is also a great opportunity for students to be playing a part of a famous Shakespeare play “Macbeth” in PJPAC. Our children certainly had a lot of fun taking up roles in the play and act alongside with our esteemed performers. I was surprised at how our primary school kids actually love this masterpiece literature! Of course, when it comes to education and school, none can deny the fact that students will be undergoing assessment. This month, our students were taking the Term 1 Assessment to see how much they have learned so far. I agree that education is not solely about examinations, but I believe that assessment is vital in providing an insight into how our children are in our curriculum. From there, our teachers can devise or revise their teaching methods to improve our children's understanding. You are also welcome to attend our first Parent-Teacher Conference to have a discussion with our teachers so you can also play a part in supporting our children's progress – be it academics, character or soft skills.

Enough said, let's enjoy this month's newsletter! We will see more actions in Term 2!
