## HONOURING OUR FREEDOM

Merdeka Month, celebrated throughout August, is a time for all Malaysians to remember and honour the country's journey to independence. It marks the historic moment on 31st August 1957, when Malaysia (then Malaya) gained freedom from British colonial rule.

This month is important because it reminds us of the sacrifices made by our national heroes who fought hard for our freedom. Their courage, unity, and determination helped shape the peaceful and independent nation we live in today. Merdeka Month also teaches us the value of patriotism and unity.

### NATIONAL DAY

It is a time when Malaysians, regardless of race or religion, come together to celebrate our shared identity. Schools, communities, and organisations often hold activities such as flag-raising ceremonies, patriotic singing, and essay competitions to instil love for the country. Merdeka Month is not just a celebration—it is a time to reflect on our past, appreciate our present, and work together for a better future.

# TEACHER SPOTLIGHT

My name is Kishaliney Kunasegaran, and I am a proud graduate of Universiti Tun Abdul Razak, holding a Bachelor's Degree in Early Childhood Education with a Dean's List Award for every semester, graduating with an impressive CGPA of 3.97.

Teaching young children has always been close to my heart. I strongly believe that every child is unique, with hidden talents waiting to be discovered—and that is where a dedicated teacher comes in. I see myself not just as an educator, but as a guide and nurturer of each child's potential.

## PHILOSOPHY

I have one year of hands-on teaching experience, but my journey in early childhood education began long before my degree. I started working part-time at a preschool, and it was there that I truly discovered my calling. Surprisingly, I wasn't naturally inclined toward art or creativity as a child—but through my studies and practical experience in ECE, I uncovered a creative side I never knew I had.

I believe there's always an inner child within us—it just needs the right moment to awaken. For me, early childhood education brought mine to life. It fuels my passion, drives my creativity, and reminds me every day of the joy in learning through play. I'm excited to keep growing, sharing, and most importantly, making a difference in the lives of little ones, one smile and one discovery at a time.

TEACHER KISHALINEY

# PAST EVENTS

## CREATIVE SUSTAINABILITY

This past week, students across all grade levels participated in a fun and eco-friendly craft project: designing flags using only recyclable materials! As part of our school's ongoing commitment to environmental awareness and creativity, this activity challenged students to think outside the box—literally!

Using items like old newspapers, cereal boxes, bottle caps, fabric scraps, and even plastic bags, students crafted colorful, imaginative flags representing countries, causes, and even original designs. Each flag told a story—not only about culture or identity but also about sustainability and the importance of reusing materials.

## MERDEKA CELEBRATION

In conjunction with Malaysia's 68th Independence Day, Sekolah Sri UCSI Springhill held a vibrant and meaningful Merdeka Celebration filled with patriotic performances and enthusiastic student participation. The event began with the singing of the national anthem, *Negaraku*, followed by a rousing speech by our Sejarah teacher, Miss Mayure, who reminded everyone of the importance of unity, respect, and love for our country. Students showcased their talents through a series of performances, including heartfelt poem recitations, traditional and modern singing performances, and fashion show with students dressed in colourful cultural costumes representing Malaysia's rich heritage. The highlight of the event was the energy and spirit shown by all participants, whether singing patriotic songs like *Tanggal 31* and *Jalur Gemilang*. The celebration successfully brought together students and teachers in a joyful display of national pride and unity, reminding everyone of the true meaning of Merdeka. It was a memorable day that inspired all to appreciate the peace and harmony we enjoy as Malaysians.

## LEARNING ZONE

### ONCE UPON A TIME AT EYC

On August 8th, 2025, the Early Years Centre (EYC) was filled with magic, imagination, and excitement as our children celebrated a special Storytelling Event with the theme "Once Upon a Time." All EYC students participated with great enthusiasm, dressed in creative costumes that reflected their chosen characters. From princes and princesses to brave heroes and playful animals, the children brought their stories to life with confidence and joy. This event was not just about storytelling—it was about giving our young learners the courage to express themselves, to use their voices, and to share their imagination with others. The event was beautifully guided by our dedicated EYC educators, who carefully prepared the stage and supported the children throughout the program. The hall was transformed into a storybook world, decorated with colorful balloons, backdrops, and props that created a truly magical atmosphere. The day ended with big smiles, loud applause, and a sense of pride for both children and educators. It was a memorable celebration of courage, creativity, and joyful learning—proving that every child has a story worth telling.

# PRIMARY LEARNING ZONE

## PROUD MOMENT FOR SEKOLAH SRI UCSI SPRINGHILL!

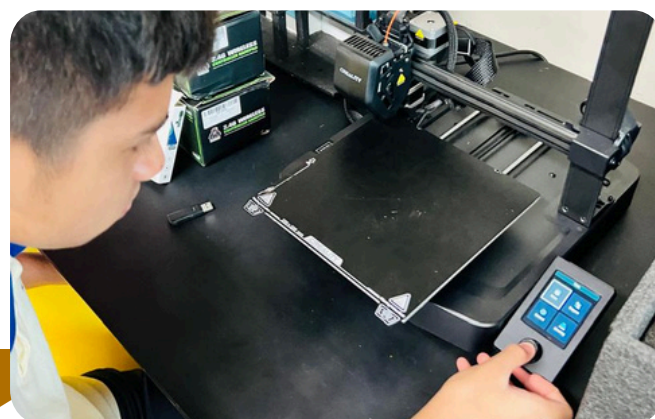

Our secondary students recently took an exciting step into the world of digital design and innovation during a hands-on 3D printing workshop.

Using Tinkercad, an introductory 3D modeling platform, students learned how to design their own 3D models and gained insight into the process of bringing digital creations to life.

The session encouraged students to think creatively and critically while developing practical skills in design thinking and problem-solving. As part of our continued focus on STEM education, this experience gave students a valuable opportunity to engage with the technologies shaping the future.

We are proud to support our students as they explore new ideas and build confidence as future innovators and designers.

## LATIHAN BERTUTUR MURID TINGKATAN 5 MENJELANG PEPERIKSAAN PERCUBAAN SPM

Menjelang peperiksaan percubaan Sijil Pelajaran Malaysia (SPM) yang semakin hampir, murid Tingkatan 5 di sekolah telah giat menjalani latihan bertutur bagi meningkatkan kemahiran komunikasi mereka. Latihan ini dijalankan secara berkumpulan dan individu, melibatkan pelbagai topik yang selari dengan format peperiksaan.

Melalui aktiviti ini, murid berpeluang mempraktikkan sebutan yang betul, membina keyakinan diri ketika bercakap di hadapan khalayak, serta memperkaya kosa kata mereka. Guru turut memberikan maklum balas segera untuk memperbaiki tatabahasa dan gaya penyampaian murid.

Kebaikan daripada latihan ini amat ketara. Murid menjadi lebih yakin dan petah ketika bertutur, dapat menyampaikan idea dengan teratur, dan bersedia menghadapi soalan bertutur sebenar dalam peperiksaan.

Selain itu, kemahiran komunikasi yang diasah ini juga memberi manfaat jangka panjang dalam kehidupan harian dan kerjaya mereka kelak.

# Age-specific programmes

## Designed for growth, confidence and school readiness

Our age-appropriate programmes gradually build independence, confidence and important foundational skills to ensure a smooth transition to primary school.

### Age groups:

- Nursery (3–4 years)
- Kinder (5 years)
- Prep (6 years)

### Nursery (3–4 years)

#### Highlights

-  Project-based learning
-  Reggio Emilia-inspired environments
-  Regular sensory play
-  Rotational station exploration

### Kinder (5 years)

#### Highlights

-  Gross motor activities
-  STEM lab  
(integrated learning of maths and science)
-  Music and movement
-  Rotational station exploration

### Prep (6 years)

#### Highlights

-  MoneySmart  
(financial literacy)
-  Brave speakers  
(public speaking and confidence building)
-  Music and movement
-  Rotational station exploration

### The Reggio Emilia approach

Enrichment programmes such as **swimming, coding & robotics, financial literacy, STEAM** and more!
