MESSAGE FROM THE PRINCIPAL

HIGHLIGHTS IN THIS ISSUE

- **Message from the Principal**
- **Microsoft Showcase School (Incubator) 2021**
- **Malaysia Future Leaders School 2021**

Dear Sri UCSI Springhill Community,

In this 11th edition of our newsletter, we are excited to announce that the Sekolah Sri UCSI Springhill campus is among the first schools in Malaysia to be chosen as a Microsoft Showcase Incubator School for 2021-2022. This recognition marks the beginning of a multi-year journey in digital transformations to improve teaching and learning. Furthermore, we are also the first school in the state of Negeri Sembilan to gain this accreditation status.

With the acceptance into the Incubator Path of the Showcase School Programme, Sekolah Sri UCSI Springhill joins an exclusive community from around the world that recognise and celebrate educational transformation. This includes the vision and innovation in teaching, learning and assessment, focus on future-ready skills (computational and critical thinking), creativity and collaboration, using data to support decision-making, and the promotion of growth mindset among staff, educators, and students. We are thrilled to partner with Microsoft as part of its Incubator Path of the Showcase School Programme. The programme also aligns perfectly with our vision and mission – Preparing 21st Century Students for A Global Society. Moving forward, we will be on a growth path to join the elite global group of Microsoft Showcase Schools while laying the foundation for education best practice which can inform schools around the world.

We are also proud to share that Sekolah Sri UCSI Springhill Secondary school is selected to participate in the Malaysia Future Leaders School (MFLS) Programme. For this year, only 36 private schools in the country are selected. MFLS is a programme designed by the Institute of Leadership Excellence and Development under the Ministry of Youth and Sports and its strategic partners such as the Ministry of Education (MOE) and Outward-Bound School. The programme aims to highlight young people's potentials as strategic partners in developing the country based on the Federal Constitution and the principles of Rukun Negara. Participants selected will be allowed to participate in training and internship programmes in and outside the country apart from the chance to undergo in-house training and attachments at Government-Linked Company (GLC) and private companies. Additionally, participants are also offered a mentor-mentee programme with influential icons such as Ministers and Corporate members.

Recently we had informal Meet and Greet sessions that are intended to give teachers and parents a chance to share their experiences with all parents. This is also an informal opportunity for parents to meet their child's new subject teachers. We cherish your feedback as it will drive the decisions that strengthen our school.

Sekolah Sri UCSI Springhill will be closed for the Term 1 break next week from 5 - 13 April 2021. Teachers will be planning new and exciting ideas for next term to ensure that our quality education continues. The school will re-open on Wednesday, 14 April 2021, and we welcome our secondary students to return to physical classes after this term break.

Thank you.
