## MESSAGE FROM THE PRINCIPAL

### HIGHLIGHTS IN THIS ISSUE

- **Message from the Principal**
- **Message from the Senior Assistant**
- **Message from the Academics & Curriculum Coordinator**

Dear Sri UCSI Springhill Community,

We would like to take this opportunity to wish you and your family a very happy and healthy 2022. Despite the challenge we continue to face, we hope that your year will become easier to reconnect with family and friends especially those living further away from each other.

A warm welcome to the new families that joined us this new academic year. Although it has been incredibly hectic, there was a fantastic whirlwind of activity when students and staff returned to school. Everyone was happy to be back with each other. Our children embraced the changes so well and are to be commended for their adaptable approach to learning. Thanks to all parents who attended our Meet & Mingle Coffee Evening at the School's Cafeteria on 21<sup>st</sup> January.

We look forward to the learning that will take place over the coming year – to seeing the students continue to get better and to push the boundaries of what they believe is possible. Continue to encourage your child to get involved with the internal school events and other external opportunities to demonstrate the skill and talent that our students have in abundance.

Our Early Years classes will start swimming lessons this term. These lessons focus on water safety and water confidence. The goal is to prepare them for formal swimming lessons as they move into Standard 1.

We are delighted to welcome our two new additions to the Academic Team, Ms Dharnishaa Mohana Dass & Ms Lee Wan Ying. Please visit our School's Website at <https://www.sriucsi.edu.my/sh/meet-our-team/> to learn more about our new teachers.

In view of the delays by the publishers for some books for various reasons (new academic year pushed to March and flood), the University of Book Store Malaysia UBSM have come up with a platform to facilitate downloading of textbooks (free), and purchase of other books for parents. The recent news by MOE that they will replenish the flood-damaged books will also affect the stocks availability, as most publishers keep a very low quantity for the open market (which will now be taken up by MOE). UBSM making books accessible for everyone at <https://www.ubsmebooks.com/>

## MESSAGE FROM THE PRINCIPAL

Learning continues in the Sekolah Sri UCSI Springhill. We are growing into a bigger family, and everyone is expected to hold the same ideology- keep going with a growth mindset. Teachers are committed to help our students in their journey beyond what they know to try new things and face new challenges. Some endeavours will be successful, some will not be. But successful or not, all experiences will enrich you, and teach you new things about yourself and the world. Remember, "experience is a reward in itself".

**"Be thankful for every new challenge. Each will give you more strength, wisdom and character."**

We will feature our students' learning in the next Newsletter No. 21.

Sekolah Sri UCSI Springhill will be closed for the Chinese New Year break from 31 January - 4 February 2022. The school will reopen on 7 February 2022. We wish you and your family a prosperous Chinese New Year and a mighty year of the Tiger.

### Message From The Senior Assistant

**Pam Paramaswari Suppiah**  
Senior Assistant

Dear Sri UCSI Springhill Community,

Compliments of the season 2022! Looking back at 2021, we have accomplished several milestones with numerous awards and recognitions as proof of our collaborative teamwork between the academic team, teachers, and students. A commendable achievement despite being in a brick-and-mortar school for about 4 months only. Active participation from our students resulted in many feathers added in SRI UCSI Springhill's cap. The school served as an exam centre for our students sitting for their SPM 2021 in March which is another first for Sri UCSI Springhill. As an examination centre, we welcome external private candidates to sit for their exams at our school. We look forward to more future upcoming examinations at our campus.

Moving forward to a more dynamic 2022, I would like to welcome Ms Harshana, our newly appointed Academic and Curriculum Coordinator as a member of our academic team. Furthermore, the school will conduct more training throughout the year to upskill and reskill our teachers in preparation for the 21st Century education system which is currently evolving at a fast pace. We hope the training will provide our educators with the best tools and practices to enhance our classrooms and learning experience. We hope to see more students unleash their potential to develop, learn and apply to their daily life with a positive mindset as we push forward to an exciting year ahead.

I am indeed privileged to be part of the academic team under the tutelage of Principal Wong to lead this vibrant school, which offers many great opportunities for the young minds of SRI UCSI. I want to extend my token of appreciation and warmth to you and your family as we embark on this 2022 journey. This school will always try its best to live up to the expectations of the students and parents, and as a part of the academic team, I assure you it will continue to do so.

### Message From The Academics & Curriculum Coordinator

**Harshana Rajagopal**  
Academics & Curriculum  
Coordinator

Dear Sri UCSI Springhill Community,

First and foremost, I would like to wish Sekolah Sri UCSI Community a happy new year! I will be starting my new role as the Academics and Curriculum Coordinator for Sekolah Sri UCSI Bandar Springhill. I feel privileged to be given the chance to step into this new position. I have always enjoyed teaching and being part of the school community. We had a very good start to the year by getting back to school and welcoming all new and returning students. Nothing beats face to face passing and gaining knowledge. It was a pleasure to see many smiling faces. I hope that everyone under the wings of Sri UCSI is more energised and determined to tackle this year with iron fists.

We appreciate all the parents and students who took some time off their busy schedules to attend the school Orientation Day. The school was filled with excitement and it was wonderful to meet many new families of Sekolah Sri UCSI. We also would like to take the opportunity to welcome both our new and existing teachers. Let us journey into 2022 with positivity and vibrance, and things will certainly shine better. Our teachers have been brilliantly preparing for their students and the teaching and learning sessions have been a breeze thus far. We have many plans for the year ahead including further improvements in learning. Teachers have looked at how to make sure the learning that takes place is active, engaging and that students are aware of what they are getting better at. On a final note, a reminder for everyone to put on the mask, sanitise and maintain social distancing at all times.

# **MALAYSIA FUTURE LEADERS SCHOOL**

**Malaysia Future Leaders School (MFLS) programme** aims to highlight the young people's potentials as strategic partners in developing the country based on the Federal Constitution and the principles of Rukun Negara. Furthermore, it provides the opportunity to participate in training and internship programmes in and outside the country apart from the chance to undergo in-house training at Government-Linked Companies (GLCs). The MFLS programme is sponsored by the Ministry of Youth and Sports Malaysia, Ministry of Education Malaysia and Outward Bound Malaysia.

## **Five Elements of MFLS**

Volunteerism

Entrepreneurship

Leadership

Character Building

Patriotism

Sekolah Sri UCSI Springhill is a registered school under the WE Schools Programme. WE Schools is an innovative series of experiential service-learning programmes that empowers students with the skills, knowledge and motivation to bring positive change in themselves and the world. Through experiential service-learning programmes, our students can explore and take action on critical issues impacting our communities and the world. Along the way, they will gain social and emotional learning skills such as resilience, empathy and problem-solving.

We can all make a positive impact – whether it's volunteering, fundraising or raising awareness around causes that matter.
