Malaysian Curriculum With  
**Global Perspective**

# Malaysian Curriculum With Global Perspective

Sekolah Sri UCSI Subang Jaya combines the best of the Malaysian National Curriculum with a global perspective to prepare our students for global success. By blending local and international approaches to education, our students benefit from a diverse school experience and culture in an environment where English and Bahasa Malaysia are the primary modes of communication.

As a Microsoft Showcase School (Incubator), Sekolah Sri UCSI Subang Jaya strongly embraces the belief that learning occurs in many different settings beyond the walls of a traditional classroom. We introduce our students to a variety of exciting, stimulating and enriching learning experiences.

We further encourage the growth of a global perspective in our school by integrating concepts such as international mindsets, sustainable development and 21st century skills to better equip our students for the demands of the ever-changing world.

We understand and appreciate that every child possesses unique strengths and talents. We strive to create a stimulating environment and meaningful learning process, focusing on the holistic development of the child. We believe that children will flourish when they are equipped with skills in exploring ideas and knowledge, collaborating effectively with others and solving problems through creativity and tenacity.

## Our Eight Critical Characteristics

### 1. CHARACTER EDUCATION

### 2. GLOBAL CITIZENSHIP SKILLS

### 3. INNOVATION AND CREATIVE SKILLS

### 4. TECHNOLOGY SKILLS

### 5. INTERPERSONAL SKILLS

### 6. PERSONALISED AND SELF-PACED LEARNING

### 7. PROBLEM-BASED COLLABORATIVE LEARNING

### 8. LIFELONG LEARNING

# Our Vision and Mission

## Our Vision

UCSI Schools aim to develop global citizens and inspire future leaders by providing a world-class, 21st century education.

## Our Mission

The mission of UCSI Schools is to provide a holistic education that prepares learners for the future by equipping them with the skills, knowledge, and values needed to become responsible global citizens in a 21st century world.

# Meet Our Senior Principal

## Mrs. Tan See Miin (Mrs. Tan)

### *Senior Principal*

Mrs. Tan has over 30 years of experience as an educator. In 2002, she joined Sekolah Sri UCSI as one of the pioneering teachers and has been in the School leadership role for 14 years with 6 years as the Senior Assistant, 8 years as the Principal and subsequently the Senior Principal. Mrs. Tan holds a Master's Degree in Economics from Universiti Malaya (UM) and a Bachelor's Degree in Economics from Universiti Kebangsaan Malaysia (UKM). Under her belt of credentials, she has also obtained the Certificate of Completion of Cambridge International Examination Online Professional Development Course and the Certificate of Completion of CIE Professional Development Course on Active Learning and Assessment for Learning.

Mrs. Tan strongly believes in preparing her students for the real world by training and guiding them towards academic and non-academic excellence. She has been instrumental in building up a robust Co-Curricular Programme in Sekolah Sri UCSI, leading the school to be a Top 3 School in the district and establishing the Cambridge Programme as part of the additional programme along-side the National Curriculum.

# Why Study at Sekolah SRI UCSI Subang Jaya

## Dual Certification

We offer the National Curriculum (KSSR and KSSM) as well as the International Cambridge curriculum in which we teach Cambridge English, Mathematics and Science. Mandarin is also taught under the Chinese Language Proficiency Programme (HSK).

## Microsoft Education

Our skilled and dedicated team of educators are certified as Microsoft Innovative Educator (MIE). Lessons are emphasized with the use of IT as a tool for effective teaching and learning. Microsoft Education tools and resources such as Office 365, Teams, Hacking STEM and Minecraft Education will be leveraged in our teaching and learning process.

## Learning Beyond Boundaries

Our students are exposed to a variety of learning adventures through exposure to vast experiences and opportunities across the broad spectrum of the campus community, promoting holistic education.

## Dual Language Programme

Sekolah Sri UCSI Subang Jaya is one of the few private schools in Malaysia incorporating the Dual-Language Programme (DLP). Mathematics and Science subjects are taught in English with the objective to provide our students with the opportunity to enhance their English language proficiency.

## A Malaysian National Curriculum For Global Education

We foster the students' growth through education to nurture global citizens with sterling leadership skills, excellent team-work, multi-tasking abilities, multilingual skills, independence, global adaptability and the ability to surmount any challenge.

## Outstanding SPM 2020 Results

Our students achieved outstanding SPM 2020 results with 60% scoring 5As and above, 32.9% scoring 7As and above, and over 50% scoring A for English, English 1119, Science, Mathematics, Additional Mathematics, Prinsip Perakaunan, Physics, Chemistry & Biology.

Based on SPM 2019 School Average Grade (GPS)

# Experience our Enhancement Programmes

## **Nature Exploration Camp and Educational Trip**

Nature Exploration Camps are outdoor forest fun, with plenty of time for nature connection, exploration, creativity and discovery. These camps are held at forest reserves such as Taman Negara and Belum-Temengor Rainforest. Through the educational trips, students gain valuable educational opportunities away from the classroom. This enables them to widen their knowledge and experience while having fun in a more informal environment.

## **Student Leadership Training Programme**

Our Student Leadership Programme encompasses a wide range of activities, trainings and workshops. To help develop their leadership, teamwork and communication skills, students are engaged in projects in the classroom, across the school and in the wider community.

## **Academic Fair**

Academic exhibitions are organised for the students to explain what they have learnt in school to their parents and their fellow friends. This helps to strengthen the school-home partnership and at the same time provide a platform for the students to hone their presentation skills.

## **Study Camp and Academic Workshop**

Academic Workshops are organised during school holidays to help the students with their academic progress. Workshops are facilitated by experienced examiners and master teachers who help students prepare for their examinations.

## **Students Social Responsibility Programme**

Our students are exposed at an early age on the responsibility that they have in giving back to society. Through this programme every student will be trained and given a chance to visit a local primary school to help with one of their CCA activities. They may not be able to change the world just yet, but through this programme, they learn that a little goes a long way.

## Experience a Global Perspective with our International Partners

### Sister School in Japan

Sekolah Sri UCSI Subang Jaya is engaged with Sano Nihon Daigaku Secondary School, Sano, Japan in a sister school partnership to facilitate a student exchange programme for our students. The students from both schools stay at the homes of their exchange partners, attend school with them, have meals and spend evenings and weekends with their families. This programme makes it possible for our students to build friendships beyond our borders and to have a real experience with a language, culture and society that is very different from their own.

### Winter Camp in China

The programme aims at enhancing and deepening our students' understanding of the Chinese language and culture. The students get to attend Chinese language and cultural classes such as paper cutting, calligraphy, ink and wash painting, tea ceremony and martial arts. This helps to stimulate their passion for learning Mandarin.

## Structured Performing Arts Programme

Speech and Drama classes are incorporated into the students' time-table once a week. Our Speech and Drama classes offer children the opportunity to master techniques and skills necessary for effective communication while loving every minute of it! Active participation is also what we strive for in our Speech and Drama classes. At the end of the first term, students will showcase to their parents what they have learnt during Speech and Drama Classes. At the end of the academic year, the school will stage a musical production which will involve acting, singing and dancing.

### In this programme, students learn:

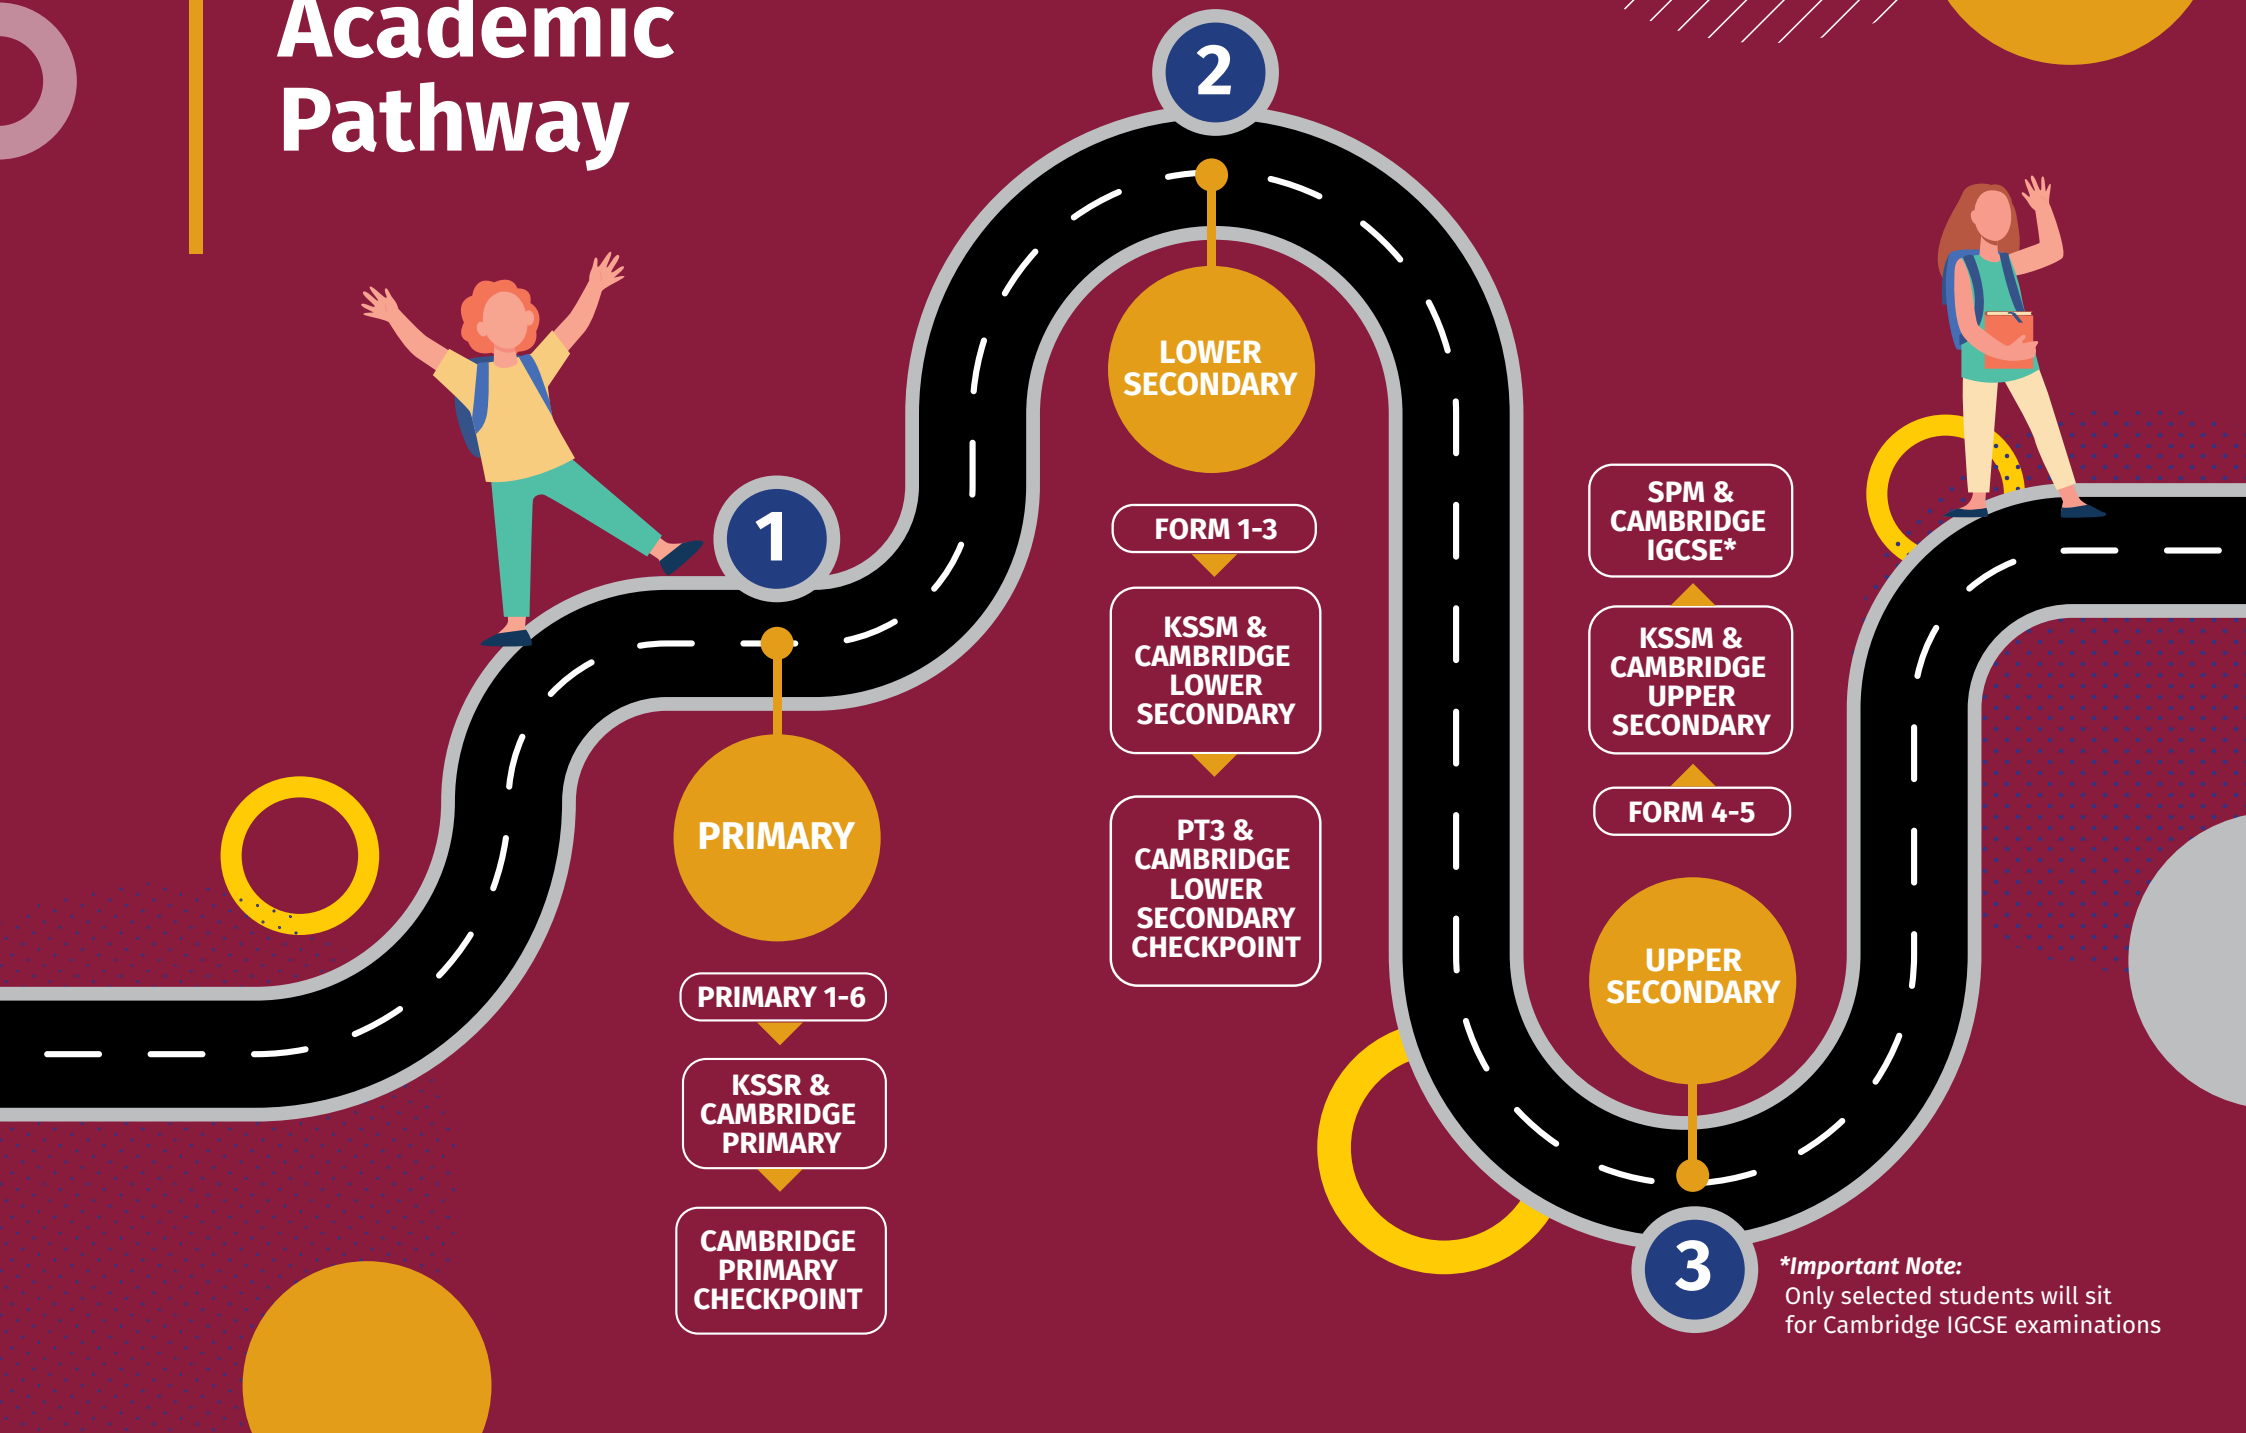

- Voice projection
- Acting
- Speech skills
- Monologues
- Creative imagination
- Interpersonal skills
- Confidence in speaking in front of an audience

Sekolah Sri UCSI Subang Jaya also emphasises the importance of exposing our students to the world of theatre. Every year, the reputable KL Shakespeare Players come to our school to stage a full production on famous plays. Thus far, we have had them stage Macbeth, The Merchant of Venice, Romeo and Juliet and The Tempest in our school, intriguing both students and teachers.

# Academic Pathway

# PRIMARY SCHOOL

## (Age 5-12)

Sekolah Sri UCSI Subang Jaya Primary School follows the Kurikulum Standard Sekolah Rendah (KSSR). With English and Bahasa Malaysia as the primary modes of communication, the school enhances the strengths of the local curriculum amidst a vibrant, international environment that emphasises the use of ICT as an integral learning and teaching tool and encourages students' active participation in the entire learning process.

We are committed to educating our children to be active and independent learners in the acquisition of knowledge and skills in an international setting, within a safe and conducive environment.

### **The Malaysian National Curriculum (KSSR) subjects offered at the Primary level are:**

- English
- Bahasa Malaysia
- Mathematics
- Sejarah (Primary 4-6)
- Science
- Pendidikan Jasmani & Kesihatan
- Computer Science
- Pendidikan Moral / Agama Islam
- Music Studies
- Pendidikan Seni Visual
- Mandarin

### **Cambridge Primary Curriculum**

Sekolah Sri UCSI Subang Jaya adds depth and substance to our student's learning experience by incorporating the Cambridge syllabus to our curriculum. At the Primary level, the Cambridge subjects taught are English, Mathematics and Science. At Primary 6, students will sit for the Cambridge Checkpoint tests which are set by the Cambridge Assessment International Examinations (CAIE). The tests are marked in Cambridge and provide us with an external international benchmark for our students' performance. Each student will receive a statement of achievement from Cambridge.

# SECONDARY SCHOOL

## (Age 13-17)

Sekolah Sri UCSI Subang Jaya Secondary School offers the Kurikulum Standard Sekolah Menengah (KSSM) from Form 1 to Form 5 that will lead to the Pentaksiran Tingkatan Tiga (PT3) examination in Form 3, and Sijil Pelajaran Malaysia (SPM) examination in Form 5.

We are dedicated to educating our students to be active and independent learners in the accession of knowledge and skills in an international setting, within a safe and conducive environment.

### Lower Secondary (Form 1-3):

- Bahasa Melayu
- English
- Mathematics
- Science
- History
- Geography
- Design and Technology
- Mandarin
- Moral Studies (non-Muslim students only)
- Islamic Studies (Muslim students only)
- Visual Art

### Upper Secondary (Form 4-5):

- Bahasa Melayu
- English
- Mathematics
- History
- Design and Technology
- Mandarin
- Moral Studies (non-Muslim students only)
- Islamic Studies (Muslim students only)
- Additional Mathematics (S)
- Chemistry (S)
- Biology (S)
- Physics (S)
- Principles of Accounts (B)
- Science (B)
- Economics (B)
- Business Studies (B)

### Cambridge Lower Secondary Curriculum

Sekolah Sri UCSI Subang Jaya adds depth and substance to our curriculum by enhancing it with selected elements from the United Kingdom education syllabus. At the Lower Secondary level (Form 1-3), the Cambridge subjects taught are English, Mathematics and Science. Students do have the option to sit for the Cambridge Lower Secondary Checkpoint Tests in Form 3. The tests are marked in Cambridge and provide us with an external international benchmark for our students' performance. Each student receives a statement of achievement from Cambridge.

### International General Certificate of Secondary Education (IGCSE)

IGCSE is offered to only selected students in the Upper Secondary (Form 4-5). The Cambridge subjects offered are Biology, Chemistry, Physics, Mathematics and English. Students will sit for the IGCSE examination by Cambridge Assessment International Education.

# We are a Microsoft Showcase School (Incubator)

Sekolah Sri UCSI Subang Jaya is now a Microsoft Showcase Incubator School starting 2021, beginning a multi-year journey in digital transformations to prepare Sri UCSI Subang Jaya students with the mindset and skillset for the advent of a 21st Century Education.

We are thrilled to partner with Microsoft as part of the Incubator Path of the Showcase School Program as this programme aligns perfectly with our Vision, 'Developing Future Leaders & Inspiring Global Citizens Through 21st Century Education'. This is how Microsoft 365 can transform learning at Sri UCSI Subang Jaya:

## Minecraft: Education Edition

Minecraft: Education Edition is an open-world game that promotes creativity, collaboration, and problem-solving in an immersive environment where the only limit is your imagination. Through project-based lessons, students build critical 21st century skills like collaboration, creative problem-solving and digital citizenship.

## Hacking STEM

Microsoft Hacking STEM bridges the gap between hands-on learning and digital technology with full and ready-to-teach lesson plans. Highlighting the application of 21st century skills, Hacking STEM lessons help students build the ingenuity they need to become leaders in today's workforce.

## Microsoft Office 365

With Office 365 app, students learn creativity, collaboration, and problem-solving with immersive and engaging apps.

# Our Co-curricular Activities (CCAs)

Co-curricular Activities (CCAs) is an integral part of the school life of any student. Some of the benefits of CCAs is to help promote the growth of the students by teaching them social skills, moral value, and leadership capabilities. Students learn the importance of resilience, determination, time management and teamwork.

## Our wide selection of CCAs include:

### Clubs and Societies

- Arts and Craft
- Coding & Robotics
- Cooking
- Handicraft
- History
- Mandarin
- Mathematics & Science
- Music Nature
- Performing Arts
- Photography
- Speech and Drama
- Young Entrepreneurs

### Uniformed Bodies

- Scouts
- Brigade
- St John's Ambulance
- Fire Brigade Cadets

### Sports & Games Club

- Aerobics
- Badminton
- Basketball
- Chess
- Dance
- Futsal
- Netball

- Table Tennis
- Indoor Games
- Telematch
- Handball
- Karate
- Volleyball
- Wushu

*Note: The above activities are subject to changes. Some activities which require an external coach may have additional fees involved.*
