LEARNING BY DOING

# THE EAGLES

Throughout August, lots of activities were conducted to celebrate this historical month in our country. They reinforced the significance of this historic day and the importance of upholding unity, diversity, and freedom in our nation. Indeed we may come from different background but in SSU Springhill, we are one nation.

# TEACHER OF THE WEEK

SEPTEMBER  
2023, ISSUE 46

*The bi-weekly teacher's newsletter  
of The Eagles*

---

**What's inside this issue:**

**IS TEACHING PRESCHOOL AS EASY AS WHAT THEY SAY?**

---

“Oh, you teach  
Preschool – that must  
be pretty easy, right?”

**WRITTEN BY TEACHER  
SHAMALA**

---

Preschool is most definitely not easy and currently, I am teaching students for year 3, 4, 5, and 6 (preschool) and primary students as well. I find preschool to be the hardest in my opinion, and yet is my favourite too. I would not say other classes aren't the hardest as the teaching profession is not easy and simple nowadays.

---

*Being a preschool teacher is one of the most rewarding things I have done in my professional experience.*

---

Most of the students who come in literally have zero knowledge of any letters or numbers and as a preschool teacher, I need to unlock the student's keys to literacy and math.

When I am teaching foundation class (year 6) or reception class (year 5), if a student is struggling, I will go back to "the basic" and build the foundation from there.

Other than academics, as a preschool teacher I know now that there are some things we take for granted in a classroom such as lining up, going to the toilet, sitting down, putting things away and etc

Being a preschool teacher is one of the most rewarding things I have done in my professional experience. I think a good preschool teacher must be patient, organized, and creative, have a problem - solving skills and communication skills to stick to daily routines, and design fun activities for the students. I believe these are skills that can use to help children develop key skills in preschool.

So do you still think being a preschool teacher easy?

# PAST EVENTS

## TEAM BUILDING CAMP 2023

Reflecting on an incredible journey at the Leadership Camp held from August 23 to August 25! Set against the stunning backdrop of Asia Camp Semenyih, we embarked on a mission to nurture leadership skills while embracing the 5C values. We are grateful for the memories made and the lessons learned.

## COOPER TEST 3.0

Our students from primary to secondary levels participated in the Cooper Test for Term 3 and it's truly inspiring to witness their dedication and determination! Our students have been working hard on their endurance and stamina lately, and it's amazing to see the progress they have made thus far.

## BENGKEL KECEMERLANGAN BAHASA MELAYU – TAHAP 1, SEKOLAH RENDAH

Pada 19 Ogos 2023 pada jam 10.00 pagi hingga 12.00 tengah hari murid-murid tahun 1, 2 dan 3 dari Sekolah Jenis Kebangsaan Tamil (SJKT) Bandar Springhill telah menghadiri bengkel ini. Pelajar memperoleh banyak ilmu seperti kata nama, bina ayat dan simpulan bahasa.

### Upcoming Events!

2/10 – 6/10 MANDARIN  
WEEK

6/10 MOONCAKE FESTIVAL

## MALAYSIA DAY ARTS & CRAFT

To welcome Malaysia Day, our children created a flag using the technique of collage art. It's a technique where we can make a picture collage by taking various colours, images, textures and even text from separate pieces and then merging them together to form an interesting image.

Using Malaysia's flag colour, the teachers prepared small pieces of torn paper in colours such as yellow, blue and red to make it easier for the young children to prepare the collage art.

The collage art activity undertaken by the children to celebrate Malaysia Day not only allowed them to express their creativity but also served as an engaging educational tool.

# PRIMARY LEARNING

## 小四班的小老师

三人行，必有我师焉。小四班的小老师终于产生了！人生到处都可学习，不管我们要学习什么语言，不管我们向谁学习，只要我们常常抱着谦虚，认真学习的态度，再下定决心，一定会有成功的一天。正所谓：“活到老。学到老”，学无止境！严师出高徒，经过了几个月的学习，小四班的学生终于可以准确的发音，阅读课文，甚至可以在班上当“小老师”来教导其他的学生阅读了，真是值得我们高兴。虽然我已经可以看到小四班学生们的一点小成就，但我还是希望他们从今以后加强学习，多多努力，好好学习额外的语言，为他们未来的前途铺好一条美好的前程。希望他们在未来可以用不同的语言和不同种族沟通，以此来使国家的发展更加繁荣..... Sekolah Sri UCSI boleh !!!

## BLOGGING IN ENGLISH CLASS

Writing a blog post in English class about persuasive essays offers students a unique platform to apply 21st-century learning skills. It fosters critical thinking, research, and digital literacy, preparing them for a tech-driven world.

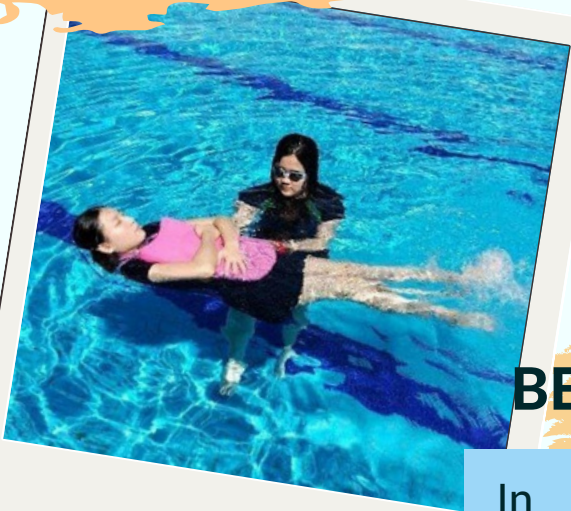

It also encourages self-expression and effective communication, equipping students with essential life skills for success.

Moreover, students relish acquiring these tech skills, finding joy in their newfound abilities to engage, persuade, and communicate effectively in the digital age.

# UCSI SWIMMING ACADEMY
